District 2 Public Health

David N. Westfall, M.D., MPH, CPE – Health Director

November 24, 2015

Dear Board of Commissioners:

During your next Commissioners meeting, I would like your approval on some changes to our current Environmental Health fee schedule. Our fee schedule has not been reviewed or updated since November 2008. Some of the changes we are proposing are simple wording changes, while a few are slight fee increases to accommodate the time demand. A few others are new fees for services that we provide or will provide in the future. These fees were voted on and approved at the November 19 Board of Health meeting.

Attached you will find the proposed fee schedule showing our current fees, the proposed fees and the range of fees charged in surrounding counties for similar services. I would greatly appreciate your input or suggestions on these proposed changes. If you have any questions you can call me at 706-867-2730 or email me at Michelle.Charriez@dph.ga.gov.

Sincerely,

Michelle Charriez

Michelle Charriez

Environmental Health Manager

LUMPKIN COUNTY BOARD OF HEALTH

*Septic Permits are valid for 12 months from date of issue. This renewal will require an additional site visit and make a permit valid for an additional 12 months. Renewal must be made prior to the expiration date of the permit. Every effort will be made to notify the permit holder of the forthcoming expiration date, but failure to receive notification will not change these terms.

** Requested testing of sample outside of state guidelines for testing
